

Type	for tube OD up to	Type	for tube OD up to
CNC 18	18 x 2 mm	CNC 80/60	70 x 3,5 mm
CNC 25	25 x 2 mm	CNC 80	90 x 2 mm
CNC 30	30 x 2 mm	CNC 100/80	100 x 2,5 mm
CNC 40	40 x 2 mm	CNC 100	114,3 x 3 mm
CNC 50	50 x 2 mm	CNC 130	130 x 3 mm
CNC 60	60 x 3 mm	CNC 160	160 x 3,5 mm

Machines also available with multi-radius (MR), transport boost (TB), as fully automatic machines with magazine, loader, unloader, robot interface (VA), as well as semi electric and fully electric version.

Type	for tube OD up to	Type	for tube OD up to
CNC 60 HD	60 x 5,5 mm	CNC 220 HD	219,1 x 12,7 mm
CNC 80 HD	88,9 x 7,6 mm	CNC 265 HD	273 x 15,1 mm
CNC 100 HD	114,3 x 8,6 mm	CNC 320 HD	323,9 x 17,5 mm
CNC 165 HD	168,3 x 11 mm	CNC 350 HD	355 x 19,1 mm

Machines also available in special design to allow stacked toolings (MW) up to machine size CNC 220, respectively to be enquired.

Special machines

Fully automatic benders for the hydroform industry
 Bending machines for stainless steel and/or copper tubes
 Tube measuring machines, Special software for the tube bending industry
 Further: Bending tools, Rebuildings, Modifications, Modernisations, etc.
